

## License Agreement

**1. IMPORTANT INFORMATION** You should carefully read our License Agreement. Your purchase or use of our products implies that you have read and accepted the following License Agreement.

**2. LICENSE** Our website grants you three possible types of licenses to use our products (the "products") sold through our website with these Terms and Conditions (the "license") issued by our company, as follows:

a) FREE LICENSE You can use each individual product on any number of websites, but you are **not allowed to remove the link pointing to our website** from the template. If you wish to remove the link, you need to purchase a STANDARD LICENSE for every single website. You are allowed to modify the product to suit your needs. For example: You can use your own company logo in the header, change link or text color in the css and of course, you are allowed to remove or modify the sample texts that we include in our templates (quotations in the header).

b) STANDARD LICENSE You may be granted a Standard License in case of purchasing a website template at a Non-Unique Price. It enables you to use each individual product on a single website only, belonging to either you or your client. You have to purchase the same template again if you want to use the same design in connection with another or other projects. You are allowed to modify the product to suit your needs. For example: You can use your own company logo in the header, change link or text color in the css and of course, you are allowed to remove or modify the sample texts that we include in our templates (quotations in the header, the link to our site in the footer etc...).

d) EXCLUSIVE LICENSE You may be granted a Buyout Purchase License in case of purchasing a website template at a Buyout Price. This type of license guarantees that you are the last person to buy this template. After the buyout purchase occurs, the template is permanently removed from our sales directory and is never available to other customers again. You can not redistribute or resell templates after Buyout Purchase Price. You are allowed to modify the product to suit your needs. For example: You can use your own company logo in the header, change link or text color in the css and of course, you are allowed to remove or modify the sample texts that we include in our templates (quotations in the header, the link to our site in the footer etc...).
